Foreword

It is a happy occasion to invite you to the first conference dedicated to Medical Tourism and Dental Tourism in Romania. It offers the opportunity to support the inception of a summit dedicated to medicine without borders, organized by the Romanian Society of Oral Rehabilitation in collaboration with the Romanian Tourism Employers' Federation, the Ministry of Youth, The Health Department, The International Society of Oral and Oral-Maxillo-Facial Rehabilitation“Forum Odontologicum” Lausanne, Switzerland, the Romanian Association of Medical Tourism and Medical Dental Professionals Organizations in Romania (UNAS, ADRE), **Greece, Macedonia, the Tunisian Civil Service** and with the extraordinary participation of several **embassies**.

The May 27, 2014 presentations of both Romanian and foreign authors on topics that will address the issue of the patient management system found in medical tourism and dental professionals organizations, hands-on topical sites such as **practical scenarios in emergency medical situations performed on high quality models, National Premiere, respectively on implant** will provide practitioners with the opportunity to enrich their knowledge in the field.

Plenary speakers will discuss the possibilities of launching a **management guide for medical tourism**, partnerships with professional associations and medical manufacturing companies that will support both patients and doctors' mobility.
