

POSTER AGENDA

19 November 2015 (Thursday) - First Conference Day		
Authors	Title	Number
Biljana Lončar , Vladimir Filipović, Milica Nićetin, Violeta Knežević, Lato Pezo, Bojana Filipčev, Jasmina Gubić	Influence of osmotic solutions on efficiency of osmotic dehydration treatment and sensorial properties of fish meat (<i>Carassius Gibelio</i>)	001
Cena Dimova , Lidija Popovska, Mirjana Popovska, Biljana Evrosimovska	Evaluation of life quality after apicoectomy using two different flap design	002
Dijana Đurović , Miroslav Vrvić, Boban Mugoša	Determination of zinc and cooper in infant formula at Montenegrin market by ICP-OES	003
Jelena Markovic , Milena Stosic, Milica Matavulj	Acrylamide exerts adverse effects on endocrine pancreas	004
Kameliya Sokolova , Zhivka Tsokeva, Alexander Zdravevski, Maria Ganeva	Plant-based food supplements: the perspective of physicians	005
Ljubica Ivanović , Ana Topalović, Dijana Đurović, Ivana Milašević, Mirko Knežević, Boban Mugoša	Different methods of extraction of phenolic compounds from Swiss chard used in Montenegrin diet	006
Milica Nićetin , Biljana Lončar, Vladimir Filipović, Violeta Knežević, Tatjana Kuljanin, Lato Pezo, Stanislava Gorjanović	Changes in antioxidant activity and phenolic content of celery leaves and root during osmotic treatment	007
Violeta Knežević , Lato Pezo, Biljana Lončar, Milica Nićetin, Vladimir Filipović, Stanislava Ž. Gorjanović, Desanka Ž. Sužnjević	Osmotic treatment of nettle leaves - optimization of kinetics and antioxidant activity	008
Vladimir Filipović , Biljana Lončar, Milica Nićetin, Violeta Knežević, Marijana Ačanski, Olivera Šimurina	Comparison of osmotic medium osmolality profiles of co- and counter-current pork meat osmotic dehydration	009
Zhivka Tsokeva , Mariana Penkova-Radicheva, Kamelya Sokolova	Dietary supplements: patients' beliefs about their safety	010
Ancuta Doncean, Renata Šumālan, Carmen Beinșan, Iosif Gergen, Radu Šumālan	Influence of different types and mixtures of composts on quality of tomatoes fruits (<i>Solanum Lycopersicum</i> l.)	011
Melita Sajko , Natalija Ursulin-Trstenjak, Ivana Zivoder, Kristina Rajkovic	Nurse in prevention of eating disorders	012
Allan Vilbaste , Kristel Hälvin, Ildar Nisamedtinov, Toomas Paalme	Cofactors digestion in porcine small intestine brush-boarder membrane	013
Almir Toroman, Enver Karahmet , Damir Hušidić, Adela Bektaš, Nermina Đulančić, Lejla Musić	Determining the cause of deviation in feed systems soft drinks applying Pareto methods	014
Amir Ganić , Amir Čaušević, Haris Cerić	Characterization of the sensory performance aiming at branding of the Sarajevo's "ćevapčići"	015
Renata M. Sumalan , Ersilia Alexa, Radu L. Sumalan, Georgeta Pop, Alexandru Tomescu, Cristian Rus	Preliminary laboratory studies concerning the fungistatic and fungicidal effects of mint and sage essential oils on fungus spoilage of citrus fruits	016
Slavica Veskovic Moracanin , Dragutin Djukic, Branka Borovic, Nurgin Memisi	Antilisterial effect of bacteriocin isolated from <i>Enterococcus faecalis</i> during the fermentation of soft white cheese	017
Marko Malićanin , Vladislav Rac, Vesna Rakić, Rastko Kadrijević	The effect of inactivated yeast-based product on the process of wine aging	018

20 November, 2015 (Friday) - Second Conference Day

Authors	Title	Number
Cena Dimova , Milka Zdravkovska	Evaluation life quality of oral anticoagulated patients following oral surgical interventions	001
Csaba Németh , Dávid Láng, Adrienn Tóth, József Surányi, László Friedrich	Microbiological condition of "eggshell flour" in the food industry	002
Ivana Koledin , Renata Kovač, Vesna Rajković, Milica Matavulj	Subchronic acrylamide treatment affect <i>Tunica mucosa</i> of rat colon	003
Markéta Borková , Klára Michnová, Ivana Hyršlová, Milena Fantová, Ondřej Elich	Changes in fatty acid profile of goat butter from goats fed algae	004
Natalija Uršulin-Trstenjak , Davor Levanić, Saša Šušnić, Dario Lasić, Vesna Šušnić	Determination of geographical origin of black locust honey of five Croatian regions by applying the PCA method	005
Oliver Bojceski , Hynor Kica, Milivoje Galjak, Marina Bojceska, Helidon Kica	Nutrition for the athletes after exercise to reduce lactate acid	006
Renata Kovac , Vesna Rajkovic, Ivana Koledin, Milica Matvaulj	Mast cell infiltration in the juvenile rat liver following acrylamide intoxication	007
Suzana Stojanovska , Julijana Tomovska	Factors influence to formation of acrylamide in food	008
Valentina Arapi , Artiona Laze, Vjollca Ibro, Fetah Elezi, Vlash Mara, Aferdita Kasmi, Rajmond Meli	Variation of some qualitative indicators of wheat genetic material of AUT collection	009
Turan Karadeniz , Tuba Bak	Clonal selection in Siyah cultivars at Black Sea region of Turkey	010
Turan Karadeniz , Tuba Bak, Hüseyin Deligöz	Developments in the shoots and fruit of Siyah fig grown in two different altitudes	011
Ranela Ceci , Erjon Troja, Donika Prift, Melisa Troshani	Evaluation of microbiological safety in medicinal products marketed in Albania and commonly used in cardiovascular diseases	012
Dragutin Djukic , Slavica Veskovic Moracanin, Milan Milijasevic, Jelena Babic, Nurgin Memisi, Leka Mandic	Food safety and food sanitation	013
Sofija Petkovska , Biljana Gjorgjeska	Analysis of used disinfectants and antiseptics correlated with the occurrence of nosocomial infections - General hospital Strumica, Republic of Macedonia in period of 2010 - 2014	014
Entela Hodaj , Olga Tsiftoglou, Diamanto Lazari, Erjon Mamoci, Dimitra Hadjipavlou-Litina	Antioxidant activity and composition of essential oils of five aromatic and medicinal plants from Albania	015
Entela Hodaj , Diamanto Lazari, Lulezim Shuka	Volatiles constituents from the leaves, flowers and stems of <i>Centaurea vlachorum</i> Hartvig (<i>Asteraceae</i>), growing wild in Albania	016
Monika Mitreska , Renata Slaveska Raicki, Marija Glavash Dodov, Maja Simonovska Crncarevska	Plant- edible vaccines as alternative for immunization	017
