6th International Dental Laser Academy 2015

Plovdiv,
BULGARIA

Dear Colleagues and Friends,

I have the pleasure to announce that the 6th International Dental Laser Academy will be held in Plovdiv, Bulgaria in April 2-4, 2015. It is a great honour for me as a Congress President to invite you to this event.

Encouraged by the success of our previous meetings we will retain the idea of exchanging knowledge, emphasizing on new technologies and latest innovations. Again the distinguished international team of experts will present innovative concepts of laser's developments and applications in dentistry.

Spring is one of the best seasons to visit Plovdiv – the new European capital of culture for 2019. The host city of an ancient civilization is well known for its extraordinary location within the heart of the Bulgaria. The famous old town of the city and many other places of interest are all within walking distances of the conference venue.

We are looking forward to welcoming you to Plovdiv.

A handwritten signature in blue ink, appearing to read 'G. Tomov', with a stylized flourish at the end.

Sincerely yours,
Assoc. Prof. Georgi Tomov, PhD
Congress President
