*INTERNATIONAL SCIENTIFIC CONFERENCE AT
THE FACULTY OF EDUCATIONAL SCIENCES*

Theme

**EDUCATION IN XXI CENTURY
-CONDITIONS AND PERSPECTIVES -**

**24 – 25 September, 2015
Shtip, Republic of Macedonia**

Dear colleagues,

The Faculty of Educational Sciences at the University "Goce Delchev" - Shtip, the Republic of Macedonia, marking twenty years of higher education of teachers and educators, organizes the INTERNATIONAL SCIENTIFIC CONFERENCE ON EDUCATION IN THE 21ST CENTURY - *CONDITIONS AND PERSPECTIVES* to be held on 24-25 September 2015 in Shtip, Macedonia.

Education is not just reading, writing and counting. It is one of the most important investments a society can make. It is an investment in its people, in its future, and the future of humankind.

The Faculty of Educational Sciences as an institution of higher education that deals with teacher education for more than 60 years invites all those who feel the need to discuss, share their experiences and knowledge regarding the situation and perspectives of education in the 21st century to join this event.

We hope that this international forum of scientists, experts, practitioners and creators of educational policies will present relevant analysis of the current situation in education (from different perspectives) and offer critical and progressive collective solutions for further development.

Sincerely,
Prof. Sonja Petrovska PhD
Dean
Faculty of Educational Sciences
University "Goce Delchev" - Shtip
R. Macedonia
