# what we have?

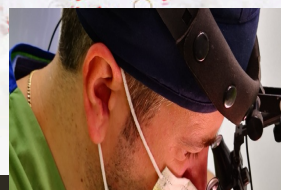

**Carl E. Misch**

# Implantology

Oral surgery  Periodontology  Prosthetics

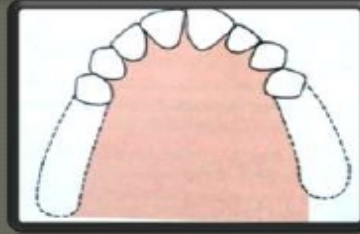

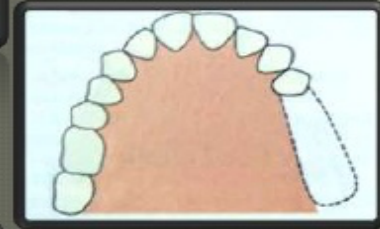

# edentation

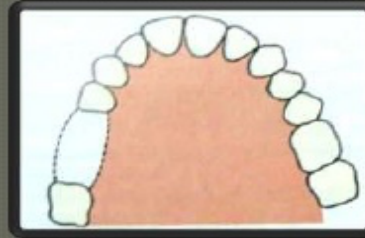

**Class I-** Bilateral edentulous areas located posterior to the remaining natural teeth.

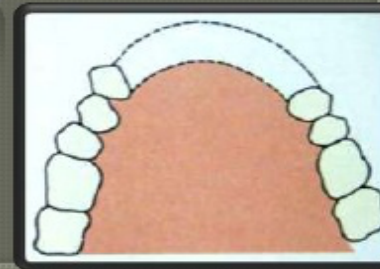

**Class II-** Unilateral edentulous area located posterior to the remaining natural teeth.

**Class III-** Unilateral edentulous area with natural teeth both anterior and posterior to it.

**Class IV-** Single, bilateral edentulous area located anterior to the remaining natural teeth.

Class II is further subdivided into divisions with variation under each.

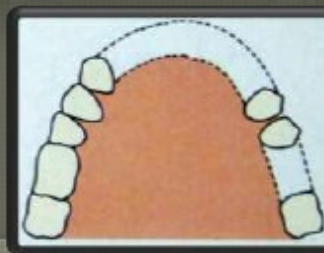

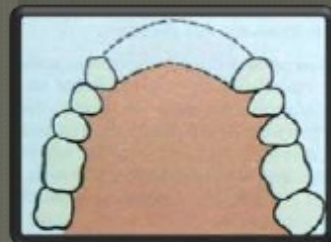

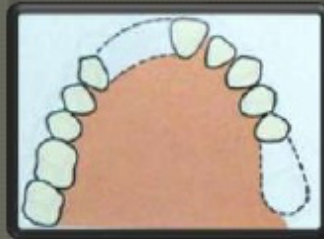

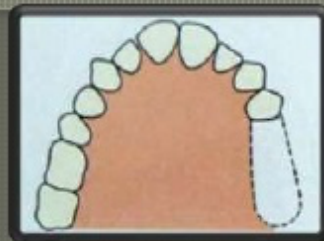

**DIVISION 1:** When there are no teeth posterior to 1 or more span.

**VARIATION 1 :** Missing posteriors predominate

- a. posteriors missing, anteriors in place
- b. posteriors missing, some anteriors missing

**VARIATION 2 :** missing anteriors predominate

- a. none
- b. anteriors missing, some posteriors missing

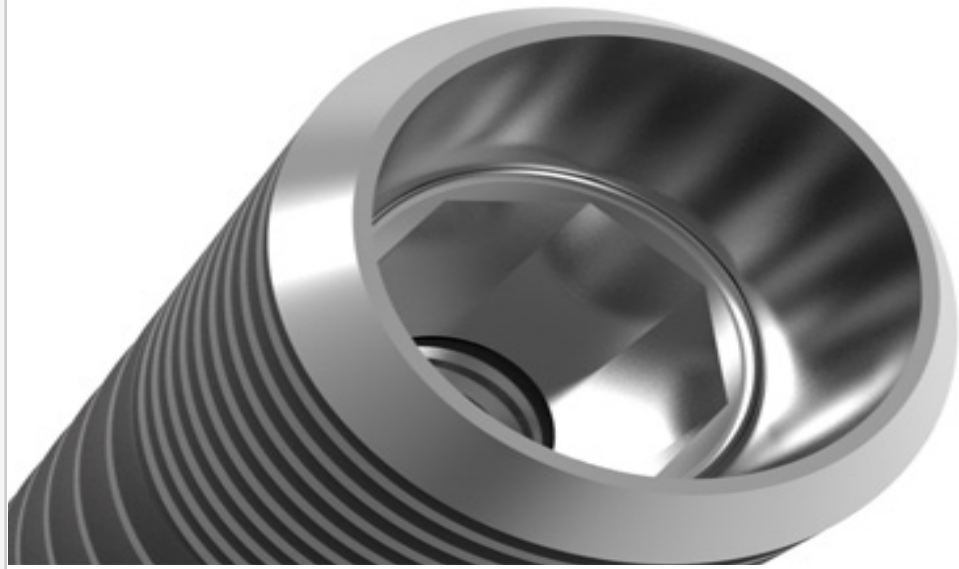

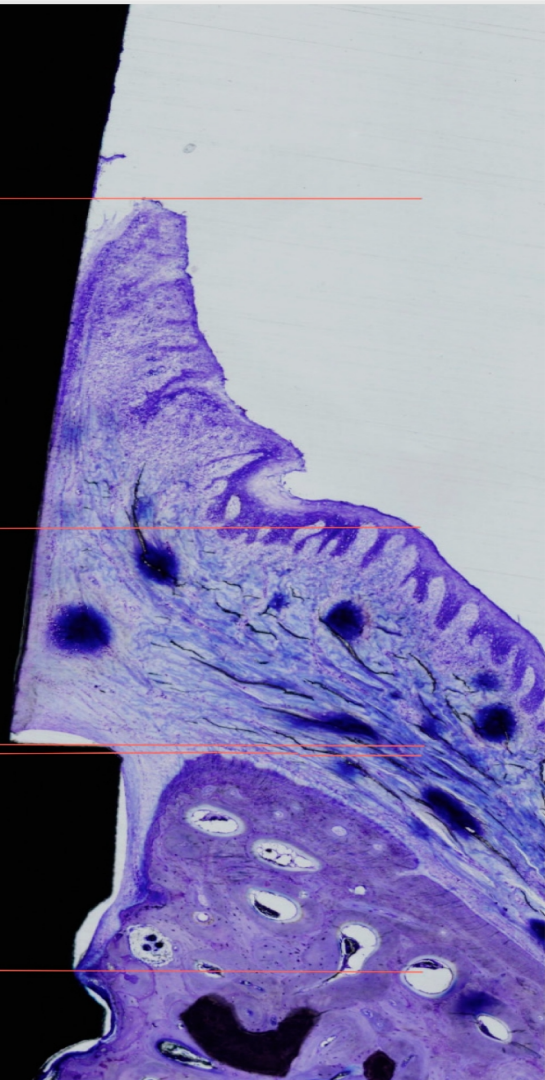

**There are more and more arguments to  
strictly use Modern Design Implants**
