Editor: Elena Kitanovska-Ristoska, PhD

ISSN 1857-9892  
DOI 10.20544/HORIZONS.B.07.2.20

With every new edition of the Horizons – Series B scientific journal the academic public has become used to the expectation that it traces new pathways towards its further establishment in the international educational and scientific-research areas.

For the coming period, just as it did previously, Horizons will continue to respect the principles of scientific impartiality and editorial justness, and will be committed to stimulating the young researchers in particular, to select Horizons as a place to publish the results of their contemporary scientific and research work. This is also an opportunity for those who through publishing their papers in international scientific journals such as Horizons view their future career development in the realm of professorship and scientific-research profession.

The internationalization of our Horizons journal is not to be taken as the furthest accomplishment of our University publishing activity. Just as the scientific thought does not approve of limitations of exhaustive achievements, so is every newly registered success of the Horizons editions going to give rise to new “appetites” for further objectives to reach.

Sincerely,

Editorial Board

## CONTENTS

<i>Solving optimization problems in a warehouse with MATLAB code,</i> Beti Angelevska, Kristina Jakimovska, Anita Vasileva, Atila Zelic, Nikola I Rankovic, Dragan Zivanic .....	7
<i>Joint assessment of the safety at work and environmental impacts,</i> Kristina Jakimovska, Beti Angelevska, Anita Vasileva, Atila Zelic, Nikola I Rankovic .....	17
<i>The influence of season on the casein content and hygienic quality of the raw milk,</i> Dragan Ilievski, Biljana Trajkovska, Aleksandra Grozdanovska, Ljupche Kochoski .....	29
