25th February 2021

Certificate of participation

Herewith I confirm that Biljana Balabanova participated in the 34th Task Force Meeting of the ICP Vegetation, held from 22 to 24 February 2021. The international meeting was held online and hosted by the UK Centre for Ecology and Hydrology, based in the UK.

At the meeting, Biljana Balabanova gave a presentation on '*An effective tool for monitoring the deposition of surface dust in the cross-bio-indication process of metals in moss tissue*'.

Dr Felicity Hayes
