

## Saturday, November 26, 2022

---

- 08:30**    **Session V – Back-to-basics II – E. O’Neill, Oxford:**  
Introduction in radiobiology
- 
- 10:05**    **Coffee Break**
- 
- 10:35**    **Session VI – Invited Lecture 4 – R. Eychenne, Nantes:**  
Alpha particle therapy – are we there yet?
- 
- 12:20**    **Lunch**
- 
- 13:45**    **Session VII – Invited Lecture 5 – C. Groot, Amsterdam:**  
Tau-PET imaging – the clinical challenges
- 
- 16:00**    **Poster Viewing + Coffee Break**
- 
- 16:30**    **Session VIII – Debate – GMP, The Italian vs Austrian approach |**  
**C. Decristoforo, M. Patt, P. Kolenc, S. Todde**
- 
- 17:00**    **Session VIII – Pharmacopoeia Corner – T. Kroon, Heemstede & E. Pel,**  
**Strasbourg**
- 
- 20:00**    **Dinner**
- 

## Sunday, November 27, 2022

---

- 08:30**    **Session IX – Back-to-basics III – J. Bridoux, Brussels:**  
Bioconjugation chemistry in radiopharmaceutical sciences
- 
- 10:03**    **Session IX – Invited Lecture 6 – Yvonne Derks, Nijmegen:**  
Optical tracers, from imaging to therapy
- 
- 10:45**    **Coffee Break**
- 
- 11:15**    **Session X – Invited Lecture 7 – N. van der Meulen, Zurich:**  
Are there any new radionuclides of interest out there? If yes, why and what for?
- 
- 12:45**    **Wrap-up / Closing**
- 
- 13:00**    **Farewell Lunch**
-
