

SESSIONS

PHARMACOVIGILANCE - 18/08/2022

Pharmacovigilance

August 18, 2022 | 1-Day Digital Conference

Digital Conference

8:00AM EST // 1:00PM BST // 2:00PM CEST

Opening Remarks

08:00 - 08:05

Participants

Speaker: Anna Brown - Digital Conference Producer, Informa Connect

How Do You Optimise PV Across Multiple Jurisdictions on a Global Scale?

08:05 - 08:35

- Regulation between different regional areas vary, how do you overcome this?
- Harmonizing, managing and overseeing a global PV system
- Novel strategies to improve this regulation

Participants

Speaker: C. Gelida Justiniano - Patient Safety Lead and LQPPV, Takeda

Harmonizing Local PV Activity for Pharmacovigilance To Improve Efficiency

08:35 - 09:05

- Overseeing local QPPV
- How to overcome differences in regulation across local regions
- More niche look towards a local scale – the Balkan non-EU countries
- Managing medicinal products and medical devices in the same database

Participants

Speaker: Marjan Dzeperoski - RA and PV Manager, Bionika Pharmaceuticals

AI, Automations, and Audits: How Technology Can Assist in Auditing

09:05 - 09:35

- Which processes benefit using actual efficiency numbers from real world data
- Modified old strategies for new applications

Participants

Speaker: Sameer Thapar - Global Multivigilance Head, Oracle

Coffee Break

09:35 - 09:55

Title: CSL's PV Automation Journey

09:55 - 10:25

- Driving efficiency gains due to anticipation of increased case volume via acquisitions and product launches.
- From process improvement to RPA, how CSL's PV dept has shaped its Automation Roadmap.
- Cultivating the PV workforce of the future and its importance for change management.

Participants

Speaker: Steven Gallagher - Process Improvement & Innovation Lead, CSL Behring

Digital Transformation: Designing an efficient pharmacovigilance process.

10:25 - 10:55

- Current Challenges in pharmacovigilance
- Leveraging NXTGEN technologies in pharmacovigilance
- Limitations Associated with automation
- Redesigning pharmacovigilance process

Participants

Speaker: Vijay Kamat - Manager - Pharmacovigilance, Micro Labs Limited

Coffee Break

10:55 - 11:15

LATAM pharmacovigilance landscape: management of safety information in COVID-19 vaccines

11:15 - 11:45

Participants

Speaker: Josué Bautista Arteaga - LATAM ambassador, Global Pharmacovigilance Society

Effective Risk Management Through COVID-19: How did this impact PV?

11:45 - 12:15

- How the pandemic pushed pharmacovigilance to innovate
- Adapting and adopting new technologies to optimise pharmacovigilance increased during the pandemic

Participants

Speaker: Uwe Gudat - Chief Medical Officer, Aretaeus sàrl

PV and MI during Mergers & Acquisitions

12:15 - 12:45

- Aspects considered during due diligence
- Aspects considered during asset integration

Participants

Speaker: Shilpa Subhedar - Lead PV & MI Business Expansion and Project Management, Cheplapharm Arzneimittel GmbH

End of The Day Networking

12:45 - 13:00

SCHEDULE

PHARMACOVIGILANCE - 18/08/2022

Pharmacovigilance

August 18, 2022 | 1-Day Digital Conference

Digital Conference

8:00AM EST // 1:00PM BST // 2:00PM CEST

TIME	
08:00	08:00 - Opening Remarks 08:05 - How Do You Optimise PV Across Multiple Jurisdictions on a Global Scale? 08:35 - Harmonizing Local PV Activity for Pharmacovigilance To Improve Efficiency
09:00	09:05 - AI, Automations, and Audits: How Technology Can Assist in Auditing 09:35 - Coffee Break 09:55 - Title: CSL's PV Automation Journey
10:00	10:25 - Digital Transformation: Designing an efficient pharmacovigilance process. 10:55 - Coffee Break
