

As a part of our DiGi project, we organized a conference “Discussions with successful digital entrepreneurs” which was held at the Goce Delcev University of Shtip represented by Professor Tamara Jovanov Apasieva.

More than 70 participants including students, and high school students, young entrepreneurs had a chance to listen to inspirational stories and have discussions with already successful entrepreneurs.

Our speakers were:

✔ Prof. Tamara Jovanov Apasieva

✦ She discussed about the importance of entrepreneurship for youth inclusion and was the moderator of the event.

✔ Mr. Mitko Andonov, - Eon Eden Marketing.

✦ He discussed “The challenges on the path towards serial and digital entrepreneurship and advice for future entrepreneurs”.

✔ Mr Petar Stefanoski, - Award-winning Startup - Coffee Mates

✦ He discussed “Key steps in building a startup and funding startups”.

✔ Prof. Aleksandra Mileva, Faculty of Informatics, University Goce Delcev, Stip.

✦ She discussed “Makers Space for Youth - driven innovations” that soon will be launched at the University.

The event was rounded with an open discussion where participants had the chance to discuss different topics with our guests.
