Project Summary

Please provide a short summary of your project. Please be aware that this section (or parts of it) may be used by the European Commission, Executive Agency or National Agencies in their publications. It will also feed the Erasmus+ Project Results Platform.

Be concise and clear and mention at least the following elements: context/background of project; objectives of your project; number and profile of participants; description of activities; methodology to be used in carrying out the project; a short description of the results and impact envisaged and finally the potential longer-term benefits. The summary will be publicly available in case your project is awarded.

In view of further publication on the Erasmus+ Project Results Platform, please also be aware that a comprehensive public summary of project results will be requested at report stage(s). Final payment provisions in the contract will be linked to the availability of such summary.

Objectives: What do you want to achieve by implementing the project?

To support primary teachers' implementation of Meaningful Physical Education that is inclusive and accounts equitably for the diversity of the student population. This will be achieved by promoting collaboration between primary teachers and teacher educators across five European countries to develop and share evidence-based resources with those responsible for primary school physical education. Resources and sharing events will provide direction on how to implement Meaningful Physical Education.

Implementation: What activities are you going to implement?

Year 1: Transnational project meeting; Online training of Champion teachers of Meaningful PE (n=10 total) in five countries.
Year 1-3: Collaboration between teachers and teacher educators to implement Meaningful PE; Sharing and evidence gathering of pedagogies related to inclusion and diversity.
Year 3: Sharing activities, development of resources and sharing events to support primary teachers to implement Meaningful PE; Transnational project meeting.

Results: What project results and other outcomes do you expect your project to have?

The project activities will result in practical and accessible evidence-based resources to guide primary teachers how to implement Meaningful PE that is inclusive and accounts equitably for the diversity of the student population. Sharing activities will support primary teachers to implement Meaningful PE in Europe. Our ambition is that every child in Europe can have meaningful PE experiences that are inclusive and attend equitably to the diversity of the student population.
