BETIMI I HIPOKRATIT

Me të hyrë ne rradhët e anëtarëve të profesionit mjekësor, betohem solemnisht se jetën time do ta vë në shërbim të humanitetit:

Për mësuesit e mi do të kemë gjithmonë miradi e respekt të merituar.

Detyrën time do ta ushtrojë me ndërgjegje e dinjitet.

Brengosja ime më e madhe do të jetë shëndeti i pacientit tim.

Do t'i ruaj me tërë fuqinë që kam nderin dhe traditën fisnike të profesionit mjekësor.

Kolegët e mi do ti kem vëllezër.

Në punën time me të sëmuret nuk do te ndikojë kurrfarë paragjykimi mbi përkatësinë fetare, kombëtare, racore, politike a klasore.

Jetën e njeriut do ta respektojë absolutisht, që nga zanafilla e saj.

Nuk do të lejojë as në rrethana kërcënimi që dija ime jetësore të përdoret në kundërshtim me ligjete humanitetit.

Këtë betim e jap solemnisht dhe me vullnet duke u mbështetur në nderin tim.

HIPPOCRATIC OATH

At the time of being admitted as a Member of the medical profession I solemnly pledge my self to dedicate my life to the service of humanity:

I will give to my teachers the respect and gratitude which is their due;

I will practise my profession with conscience and dignity;

The health and life of my patient will be my first consideration;

I will respect the secrets which are confided in me;

I will maintain by all means in my power, the honour and the noble traditions of the medical profession;

My colleagues will be my brothers:

I will not permit considerations of religion, nationality, race, politics or social standing to intervene between my duty and my patient;

I will maintain the utmost respect for human life, from the time of its conception.

Even under threat,

I will not use my medical knowledge contrary to the laws of humanity;

I make these promises solemnly, freely and upon my honour.
