Dear scimago,
Is this journal still indexed in scopus, because the total document in 2021 is 0. Is it discontinued or still ongoing?
Because I checked that it is in the list of ongoing journal from scopus site
Thank you

SCImago Team

Dear Haru,
Thank you for contacting us.
As you probably already know, SCImago calculates the scientometric indicators based on the data sent by Scopus (last update April 2022). Keep in mind that these data are a static image of Scopus database and that this one increases its documents daily.
As we receive all the bulk data by Scopus, we suggest you contact Scopus Support team directly here so they can assist you further:

SCImago Team

Dear Wafa, thank you very much for your comment. SCImago Journal and Country Rank uses Scopus data, our impact indicator is the SJR (Check it on our website). We suggest you consult the Journal Citation Report for other indicators (like Impact Factor) with a Web of Science data source. Best Regards, SCImago Team
