*Albanian Journal of Trauma and Emergency Surgery is the official publication of **Albanian Society for Trauma and Emergency Surgery-ASTES***

Structure and format

AJTES is an open access, peer-reviewed periodical journal that includes editorials, reviews, original articles, casereports, hort reports, ideas and opinions, book reviews, perspectives, seminars, symposium and minisymposium, ethics and rights, health care policy and management, practice guides. The structure of each edition of the publication comprises section categories determined by Editor and reflects the views of the Editorial Board.

Editorial expertise

Guidance from Editorial Board consists of leading authorities from a variety and respective fields of medical science. Peer review accomplished by expert selected for their experience and knowledge of a specific topic.

Important notice for authors

All manuscript must be submitted to the Editorial Office Online at <http://journal.astes.org.al> click submissions. Check the last page of each edition "Instruction for Authors": The work shall not be published elsewhere in any language without the written consent of AJTES. The articles published in this journal are protected by copyright, which cover translation rights and the exclusive right to reproduce and distribute all of the articles printed in the journal. No material published in the journal may be stored on micro-films or video-cassettes or in electronic data bases and the like or reproduced photographically without the prior written permission of AJTES.

Permissions

For information on how to request permissions to reproduce articles/information's from this journal, please contact Editorial Office.

Advertising policies

The journal accepts displayed and classified advertising. Frequency discounts and special position are available. The journal reserves the right to reject any advertisement considered unsuitable according to the set policies of the journal.

The appearance of advertising or product information in the various sections in the journal does not constitute an endorsement or approval by the journal and/or its publisher of the quality or value of the said product or of claims made for it by its manufacturer.

Disclaimer

The information and opinions presented in the Journal reflects the views of the author and not of the Journal or its Editorial Board or the Pub-lisher.

Publication does not constitute endorsement by the journal.
