(c) Other Expenditure - Partner countries only (See para. 18 of Notes for Applicants. Specify type and cost of any small scientific equipment, and justify its necessity to the project. Funding for computers and peripherals is not available.)	
One of the main objects of the project is to create (and maintain constantly updated) a detailed web-based map with GPS coordinates of the distribution of broomrape species in Western Balkans accompanied by assessment of the risks for agro-ecosystems. For this purpose we would like to buy two GPS apparatus model "Garmin Oregon 400T" to provide each team from the partner countries with suitable equipment for the project related field research.	24 000.00
